

## Dentist careers in Russia

### A career journey. More than a vacancy.

Preparation guide | Editorial edition: 18 October 2026

Use this document to prepare questions and evidence for your individual route. It is not an exhaustive eligibility assessment, legal or immigration advice, a vacancy, or confirmation of registration. Requirements vary by qualification, regulator, professional title and employer. No universal language score, experience threshold, fee or processing time is asserted.

### Start with the right authority

Roszdrazvnadzor — verify current recognition and accreditation route

[Official registration starting point](#)

### 01. Qualification & documents

Identify the qualification, awarding institution and registration documents required for your dentist pathway. Confirm qualification recognition, profession equivalence and accreditation with the competent Russian authority before committing to a route.

My evidence: \_\_\_\_\_ Recruiter review: \_\_\_\_\_

### 02. Experience & references

Prepare an accurate employment history and referees. Ask the recruiter to confirm the specific role's experience requirements; there is no universal minimum for every job.

My evidence: \_\_\_\_\_ Recruiter review: \_\_\_\_\_

### 03. Language evidence

Confirm accepted language evidence, any exemptions, required scores and validity with your regulator. Track completion only against the route your recruiter has checked.

My evidence: \_\_\_\_\_ Recruiter review: \_\_\_\_\_

### 04. Exams & assessment

Confirm whether an examination, competence assessment, supervised practice or another assessment is required for your individual qualification route.

My evidence: \_\_\_\_\_ Recruiter review: \_\_\_\_\_

## 05. Professional registration

Confirm your registration or licence status with Roszdravnadzor — verify current recognition and accreditation route. A submitted application or eligibility letter is not necessarily permission to practise.

My evidence: \_\_\_\_\_ Recruiter review: \_\_\_\_\_

## 06. Employer requirements

Review the published role, interview, references and employer checks with Midora. A checked benchmark does not constitute an offer or hiring decision.

My evidence: \_\_\_\_\_ Recruiter review: \_\_\_\_\_

## 07. Visa & relocation

Confirm the appropriate right-to-work or visa route and relocation documents with the employer and a qualified adviser. Do not book travel until your individual arrangements are confirmed.

My evidence: \_\_\_\_\_ Recruiter review: \_\_\_\_\_

## Before accepting an offer

Confirm the role, employer, location, pay currency, working hours, supervision, probation, notice terms and relocation responsibilities in writing. Keep professional registration separate from immigration permission. Submit private documents only through the secure recruitment process, never a public channel.

## Your next step

[Open your live checklist](#) and ask your recruiter to confirm the current official rules for your route. Midora charges applicants no recruitment fees. Regulators and other independent providers may charge separately.

## Document and source status

Generated from Midora checklist version 2026-10-07. The edition date records this document update, not a claim that every profession-specific rule or immigration change was revalidated on that date. Open the linked official authority before making an application or paying for an assessment.
